

EQUESTRIAN  
PROTECTION

**KOMPERDELL**

# MADE, BORN AND GROWN **IN AUSTRIA**

KOMPERDELL SINCE 1922

## **DIFFERENT, BUT WITH A PURPOSE.**

*We develop and design with a deep commitment for creating value for the consumer and a passion for excellence. For us, "good" is by far not good enough."*

Thomas Roiser, CEO KOMPERDELL

KOMPERDELL HEADQUARTERS  
Mondsee, Austria

## **WE ARE THE N°1**

**We are always searching for the best solution, simply because we want the best for our customers.**

*That's probably why protectors from Komperdell have already won numerous innovation and technology awards.*

## **WE DO IT OUR WAY**

**We have no room for bells and whistles.**

*That's why our products often appear puristic compared to competitors. We give up unfunctional details and decorative ballast in order to let the purpose determine the design.*

**Not everyone likes it, but our success proves us right:**  
*Komperdell is the first choice for more than 200 athletes and one of the most successful brands in history.*

With our proprietary protector technology, we have been setting new standards for maximum safety for more than 25 years. This is something we are truly proud of.“

Peter and Klara, Design & Development

# WHY A KOMPERDELL PROTECTOR

## Nº 1 PROTECTION

### HIGHEST SAFETY

All Komperdell protectors are multi-impact capable and can be reused after a fall if they are not physically damaged. Our proprietary impact foam has the highest energy absorption properties on the market.

### MAXIMUM FREEDOM OF MOVEMENT

We work extremely dilligent and constantly push us to get better and better. A dedication you will feel as soon as you put on our vests. Our goal is to protect our riders and offer best freedom of movement.

### WASHABLE

Every Komperdell protector can be washed at 30°. Even after multiple washes, the residual force values remain the same.

### LIGHT AND FLEXIBLE

Our protector is incredibly light and super flexible. Our customers rave about the comfort we offer compared to other brands on the market.

### PERFECT FIT FOR EVERYONE

We develop both, the protective technology and the garment. That's why we can match them up perfectly to offer protective vests that are hardly noticeable when worn without compromising their protective properties.

### WE KNOW HOW

No other brand has had such a profound impact on the market for protective garments as Komperdell. Our Know-How is based on more than 25 years of experience in developing protective garments for motorcycling, skiing, biking and riding. We pride ourselves in being true pioneers and technology leaders. More than 30 international awards have been won for our protective wear.

# 25 YEARS KNOW-HOW

PIONEER · AWARD WINNER · MARKET LEADER

"I put my heart and soul into developing our equestrian protectors. I don't design anything I wouldn't wear in the saddle myself – for the best possible protection for all of us."

Klara Lindner, Design & Development

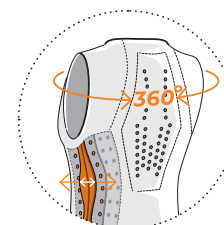

# 3 TYPES OF PROTECTORS FOR MAXIMUM SAFETY IN EQUITATION

## 1 SAFETY VESTS FOR EVENTING

EN 13158:2018 – LEVEL 3

Our safest equestrian protector with 360° protection and EN 13158:2018 - Level 3 certification. The ergonomic cut and the especially soft, flexible protector body ensure maximum comfort with best protection values. Perfect for cross-country riding and approved for eventing.

automatical  
or manual  
width adjustment  
without loss of protection

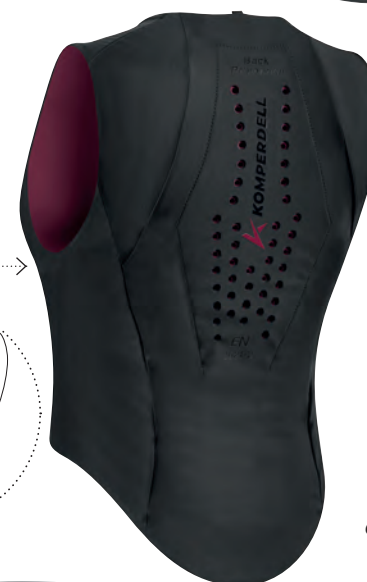

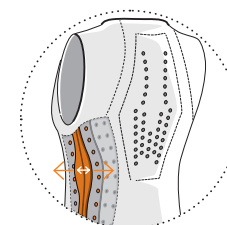

## 2 BALLISTIC VESTS FOR SHOW-JUMPING & RECREATIONAL RIDING

EN 1621-2 – LEVEL 2

In addition to the multi-layered back protector, the vest offers protection zones in the front and rib areas and is therefore the ideal protector for daily training. The automatic width adjustment ensures almost complete all-round protection with the best wearing comfort, as the vest automatically adapts to the rider's shape.

automatical  
width adjustment  
without loss of protection

## 3 CASUAL PROTECTORS STYLISH & SAFE

EN 1621-2 – LEVEL 2

The casual line is the perfect alternative for daily training and work with the horse, as the protector is integrated directly into the garment, eliminating one layer of functional clothing. Absolute lightness and breathability guaranteed!

PROTECTION №1

**SAFETY VEST LEVEL 3**

Our safety vest providing 360° protection is amazingly comfortable. Due to its special ergonomic cut it perfectly contours to your individual body shape. The multi-layer construction and the especially soft foam guarantee a perfectly ergonomic fit.

APPROVED BY  
EN 13158:2018 – LEVEL 3

With top residual force values  
our vest exceeds the strictest  
legal standards – 360° perfect  
safety.

# SAFETY VEST

EN 13158:2018 – LEVEL 3

Perfect for cross-country riding and approved for eventing. The new safety vests offer maximum safety with the highest level of comfort thanks to the breathable and flexible multi-layer construction and 360° all-round protection. Available in 2 versions - with automatic width adjustment and with manual width adjustment using velcro - the protectors are as light and comfortable to wear as no safety vest before!

**TOP RESIDUAL FORCE VALUES**

absorbs up to 93% of the impact energy, independent of temperature and humidity

**LIGHT & SAFE**

360° all-round protection for a top figure – suitable for eventing and carriage drivers

**WASHABLE**

without problems at 30°

**100% BREATHABLE**

thanks to generous perforation

**MULTI-IMPACT CAPABLE****2 VERSIONS**

available with flexible side foams or manual width regulation

AVAILABLE FROM 6XS - 3XL

**SAFETY VEST LEVEL 3**

Our brand-new Level 3 safety vest is incredibly easy to put on thanks to its improved design and front zipper with Velcro. Available in two styles to ensure a perfect fit for every rider, it offers unparalleled comfort and lightness. Extra safe, ideal for eventing & carriage drivers!

NEW

manual  
width adjustment

**BALLISTIC FLEX FIT**

Extremely lightweight & and comfortable to wear.  
The vest offers almost complete all-round protection and is significantly more flexible in width. The vest automatically adjusts to the rider's girth when the front zipper is closed.

**EN 1621-2 – Level 2**

With our know-how from the motorcycle industry, i.e. the most extreme application area for efficient protective clothing, we develop the safest protectors for equestrian sports – maximum protection and best wearing comfort.

**FLEX-FIT-SYSTEM**

Great fit thanks to automatic width adjustment with full all-round protection.

# BALLISTIC VEST

**EN 1621-2 – LEVEL 2**

Ideal for show jumping and everyday use. We are the only brand to develop our proprietary protective foam as well as the garment on our own. This results in a perfectly harmonizing protection system without sacrificing safety and comfort.

**TOP RESIDUAL FORCE VALUES**  
absorbs up to 93% of the impact energy, independent of temperature and humidity

**WASHABLE**  
without problems at 30°

**MULTI-IMPACT CAPABLE**

**25 % LIGHTER**  
with the same level of impact protection thanks to a new protective foam

**LARGEST PROTECTION ZONE**  
providing continuous protection from the cervical vertebrae to the coccyx, ideal for recreational riders and ambitious show jumpers

**100% BREATHABLE**  
thanks to generous perforation and integrated air-mesh

**UNIQUE WEARING COMFORT**  
thanks to a clever and flexible multilayer system hardly noticed when worn

ISPO  
AWARD  
2024

WINNER

**BALLISTIC FLEX FIT**

Highest safety and best wearing comfort! The almost gapless and additionally reinforced lateral protective zones round off our requirements for the protective performance of a lightweight, slim and particularly comfortable vest.
