MADE, BORN AND GROWN IN AUSTRIA

POLE MANUFACTURE SINCE 1922

01 MADE IN AUSTRIA

We are rooted in the heart of Austria and that is what our customers should feel. We are producing in Mondsee since the very beginning. This is where the first idea was born and from where we have grown. Here we have everything at a glance and can ensure to maintain our high-quality standards.

02 ECO BUT LOGICAL

Acting ecologically is not just a slogan, but a matter of course for us. We do not need a green logo or stamp; we are operating our business with an honest awareness of our environment. Our production facilities produce less emissions than a standard household kitchen.

03 PRIMARY SUSTAINABLE

The fact that our poles are known for a very long product life span is based on our dedication to quality and excellence. Having a closer look on origin and sustainability means more to us than a firm commitment to a clean environment. For us it is essential to have a clear commitment to our workers, staff members, suppliers and most importantly our customers.

04 HEART AND PASSION

In everything we do you will always find and feel a lot of heart and passion from each of us. We pay attention to detail and constantly challenge us to find better solutions. Our athletes and customers can feel that too – and that's exactly why we are always happy to receive honest feedback.

05 SERVICE WITH GUARANTEE

Satisfying our customers is our greatest asset. That is why we offer our unique 3-year free repair service. We unconditionally repair your pole no matter what happened. Fast, easy and free of charge.

06 WE KNOW HOW

For more than 100 years poles are our métier and our engineers invest a lot of time in developing new products. Not by chance we are still able to claim to be pioneers and technology leaders. We have not only introduced the lightest poles on the market, but also invented with the FXP technology the only self-deploying folding pole mechanism on the market.

FX LITE ALUMINUM

+ ADVANTAGES AT A GLANCE

- + 30% lighter
- + Unfolds by itself – simply click and fix
- + Reliable due to robust aluminum
- + As robust as a conventional telescopic pole due to multiple reinforced shafts
- + Easy and safe use
- + Foldable with press button

FXP CARBON

"Unbelievable – as if by magic. My pole deploys completely by its own and is ready for immediate use thanks to the FXP technology. Simple, fast and light – completely without loss of stabilisation."

Verena Helminger, ambitious trail runner

*Simple, robust and reliable.
A rope is used for
selfdeployment; push
buttons remain completely
load-free.*

FXP CARBON

FAST HANDLING IN A MATTER OF SECONDS

+ ADVANTAGES AT A GLANCE

- + Unique self-deploying mechanism
- + Immediately ready for use – no plugging together necessary
- + As robust as a conventional telescopic pole due to multiple reinforced shafts
- + Easy and safe use
- + The sturdiest folding pole on the market
- + foldable with press button
- + pack stability thanks to fastening with Velcro
- + rock-solid mechanical connection
