WORKBOOK

PROTECTION

PIONEER

1998

For more than 20 years we have been collaborating with the leading brands of the motorcycle industry – undoubtedly the most extreme application when it comes to impact protection. We are and will always remain dedicated to developing protectors that offer the best impact protection and comfort!

AWARD WINNER

No other brand has won more comparative tests than we did. For years, our products have been the benchmark for safety. Not only have our protectors been honored with multiple awards year over year – we are proud to have already won the **Spoga Horse Innovation Award** three times.

INNOVATION FORCE

2021

We are the only brand to develop and manufacture not only the garment but the protector itself. This unique know-how allows us to develop the protector and garment as one cohesive unit. This makes our protectors much better to wear without sacrificing their protective properties. For more than 20 years we have been the leading brand in the motorbike, winter-sports, equestrian and bike industry.

KOMPERDELL – 3 TYPES OF PROTECTORS FOR MAXIMUM SAFETY IN EQUESTRIAN SPORT

1

SAFETY VEST FRONT ZIP EN 13158:2018 – LEVEL 3

The Komperdell Safety Vest was developed for the military and cross rider.

With integrated width adjustment and improved ergonomic body shape design the vest offers increased wearability and comfort. Additional ventilation zones guarantee maximum breathability.

2

BALLISTIC FLEX FIT REGULAR EN 1621-2 – LEVEL 2

The new Ballistic Styles feature an automatic width adjustment system, which has already been used reliably in our Level 3 Safety Vests.

It is the perfect training vest for all safety oriented equestrians either at a recreational or professional level.

Additional foam inserts on the sides and in the front dampen light shocks.

3

CASUAL PROTECTION EN 1621-2 – LEVEL 2

A completely new style of protective clothing! Protectors integrated in functional clothing allow decreasing the number of layers resulting in less weight, increased breathability and enhanced freedom of movement.

The collection consists of various stylish and at the same time functional products that can be used for many occasions. Naturally, all models are equipped with the safest and most flexible Cross 6.0 back protector. A must-have for all people who regularly work and train with their horse.

SAFETY VEST UNMATCHED IN COMFORT & SAFETY

EN 13158:2018 – LEVEL 3

INTEGRATED WIDTH ADJUSTMENT

only Komperdell offers a special layering technology and intelligent flex zones which allow an automatic width adaption

360°
PROTECTION
WITH AUTOMATIC
WIDTH ADJUSTMENT

TOP VALUE
<4 kN
RESIDUAL
FORCE

CE APPROVED BY EN 13158:2018- LEVEL 3

with top results for residual forces our vest surpasses the strictest legal standards.

MULTILAYER

WELL-PROVEN MULTILAYER CONSTRUCTION

guarantees an extremely flexible protector system. The dual density foam contours to the body and gets softer the longer the protector is worn. Together with the thermo fit material the vest offers an almost tailor-made fit.

THE LEVEL 3 VEST FOR THE MILITARY & CROSS RIDER

Our safety vest providing 360° protection is amazingly comfortable. Due to its special ergonomic cut it perfectly contours to your individual body shape.

The multi-layer construction and the especially soft foam guarantees a perfectly contoured fit.

Additionally, the vest has a clean design and is very easy to put on and take off.

SAFETY VEST

EN 13158:2018 – LEVEL 3

extended perforation in the front and back

IMPROVED PROTECTION FOR YOUNG RIDERS

The Ballistic Vest Champion is the perfect vest for kids who are not forced to wear a level 3 vest. It features a back protector that is certified according to the strict criteria of the motorcycle norm EN1621-2, level 2.

The supplementary lateral protective zones complement our high requirements to offer a lightweight, slim and comfortable vest as a real alternative to a level 3 vest.

THE SAFETY VEST WITH INTELLIGENT COLD PROTECTION

The hybrid construction vest is made of extra lightweight, insulating materials and offers reliable protection from wind and cold.

The lateral softshell expansion zone makes the vest extra adjustable so it can be worn over jackets or warm clothing.

The integrated, extra slim kidney belt guarantees that the protector is fit to the spine safely even if worn loosely.
